## HOW DOES DIGITIZATION DISRUPT CONTRACT LIFECYCLE MANAGEMENT IN PROCUREMENT?

Dear Expert,

We kindly invite you to join our exclusive lunch roundtable where we discuss the topic of “*How does digitization disrupt contract lifecycle management in procurement*” with subject matter experts and peers.

About the topic:

Many organizations have difficulties to stay on top of all their supplier contracts. These often lack uniformity and are difficult to organize, manage, and update. Further, most firms do not have access to their contract content in a structured way. Our discussion will pivot around the question, how digitization (e.g., through artificial intelligence) disrupt contract lifecycle management in procurement?

You will be asked to contribute with at least one question you would like to discuss, which you please provide with your reservation.

Please note that all information shared during this roundtable will be treated confidentially, this applies also to your questions.

What you can expect:

- A powerful exchange of views, challenges and experiences amongst experts and decision makers
- A platform for professional networking
- Not only food for thought but also an appetizing lunch

The event takes place at Widder Hotel (Rennweg 7, Zürich) on **September 25<sup>th</sup> 2019** from 11am to 1pm. Please make your reservation until September 11<sup>th</sup>. The event is free for you, however the number of seats is limited!

In case of further questions do not hesitate to contact [digitalos@talos-consultants.ch](mailto:digitalos@talos-consultants.ch) or +41 44 380 14 40.
